Objective

Motivated and passionate developer with a solid foundation in web development and a growing expertise in backend technologies. Seeking to contribute technical skills and enthusiasm to a forward-thinking organization while continuing to learn and grow professionally.

Education

Aptech - Currently pursuing software development and related technologies.

Technical Skills

- Web Development: HTML, CSS, JavaScript

- Backend Development: PHP, Laravel, .NET Framework (C#)

- Database: MySQL

- Tools: Visual Studio, Git

Projects

1. Portfolio Website: Developed using HTML and CSS. Showcases responsive design and attention to detail in UI/UX.

2. Dynamic Web Application: Built using PHP and MySQL. Includes dynamic content management and user authentication.

Professional Experience

Currently working on enhancing knowledge of the .NET Framework (C#) and building robust applications.

Strengths

- Quick learner with a strong passion for problem-solving.

- Ability to work independently as well as in a team.

- Strong communication and organizational skills.
